B. BRODY SEATING COMPANY

• CHICAGO 39, ILLINOIS

BOOTH CONSTRUCTION

Brody booths are built to stand up under the roughest abuse with a minimum of care. They are specifically designed and constructed for commercial use. Multi-ply upholstery is standard on all booth seats. A wide variety of heavy commercial coverings is kept in stock. Other materials available upon specifications. Booth frames are built to take the hardest of wear.

Beautiful styling and expert design • Rugged, custom crafted frames • Lifetime "No-Sag" springs • Smoothly tailored hand upholstery • Removable seat for easy cleaning • Rubberized "Kushiontex" seat upholstery • Heavy commercial weight coverings • Widest selection of colors and patterns • Guaranteed washability • Union made (AF of L)

1 1/4" Ribbed Stainless Steel

1 1/4" Smooth Brass Anodized Aluminum

1 1/4" Self Edge Square Corners

2" Drop Edge Square Corners

1 1/4" Self Edge Round Corners

2" Drop Edge Round Corners

TABLE TOPS

Brody Table Tops are constructed of Genuine Formica, superbonded to a Brody core and Formica backing sheet, giving a table top with a smooth flat surface, warpfree and completely sealed. Table tops are custom made in a variety of sizes, edges and corners in any custom material to fit in with the interior decorations.

standard sizes—special sizes and shapes as desired

LEG CONSTRUCTION

Solid steel bracket for greater stability.

Solid hardwood legs are available in choice of brown walnut or black crackle finish.

Solid brass ferrule full 2 inches high.

Shatter-proof black plastic caps screw into floor to prevent sliding or skidding.

Brody has a wide selection of rugged fabrics that are all made to take abuse. Other upholstery fabrics can be ordered for Brody booths in solid colors or combination of colors, color-coordinated according to your needs. They are washable for easy maintenance.

The above sketch shows the exact production terms used in our factory. On special color combinations indicate these terms in your specifications. Our design department is always at your service with suggestions or assistance.

The modern look in public seating is leg booths. Brody leg booths are engineered to assure level seating, longer life, and easy economical floor maintenance. Legs are available in a choice of solid hardwoods and brown walnut or black crackle finish—with a 2" solid brass ferrule.

Shatter-proof black plastic caps screw into floor to prevent sliding or skidding.

TABLE BASES

4 Prong Base of black porcelain cast iron with cast iron spider and 3" dia. satin chrome or brass enamel column. Pedestal Base of black crackle stamped steel with stamped steel spider and 4" dia. polished chrome or brass enamel column. Both bases have a self-leveler on each corner covered with a black plastic boot cap to protect against mop string tangling and permitting base to be moved easily. Commercial legs made from 1 1/4" bronze or black metal tubing with brass swivel adjustable glides.

size of base	for tables
16" x 16" BX16	30" x 30" or smaller
18" x 18" BX18	36" x 36" or smaller
16" x 22" BX1622	30" x 48" or smaller
22" x 22" BX22	48" x 48" or smaller
8" x 20" (use 2) BX8	for oblong tables longer than 48"
24" spread AX24	4 prong—up to 36" x 36"
30" spread AX30	4 prong—36" x 36" or larger

PLANTERS

Upholstered in all the regular fabrics available for booths. May blend or contrast with the booths. Constructed of 3/4" plywood and lumber. Planter opening is 6" wide 4" deep to take standard metal liner for growing plants or artificial flower holder. Custom planters can be made any height, length or width needed, in solid base or leg styles, for any installation.

SERIES 66 BOOTHS

The basic size for end and center booths is 66" for a 24" wide table. This series is also available in ½ circle, ¾ circle, deuce booths, and custom booths. They are available with legs or bases as indicated at the right.

Wall panel style booths are unfinished on one side for use against wall panel. Island style booths are finished on all sides.
